SDG Activity

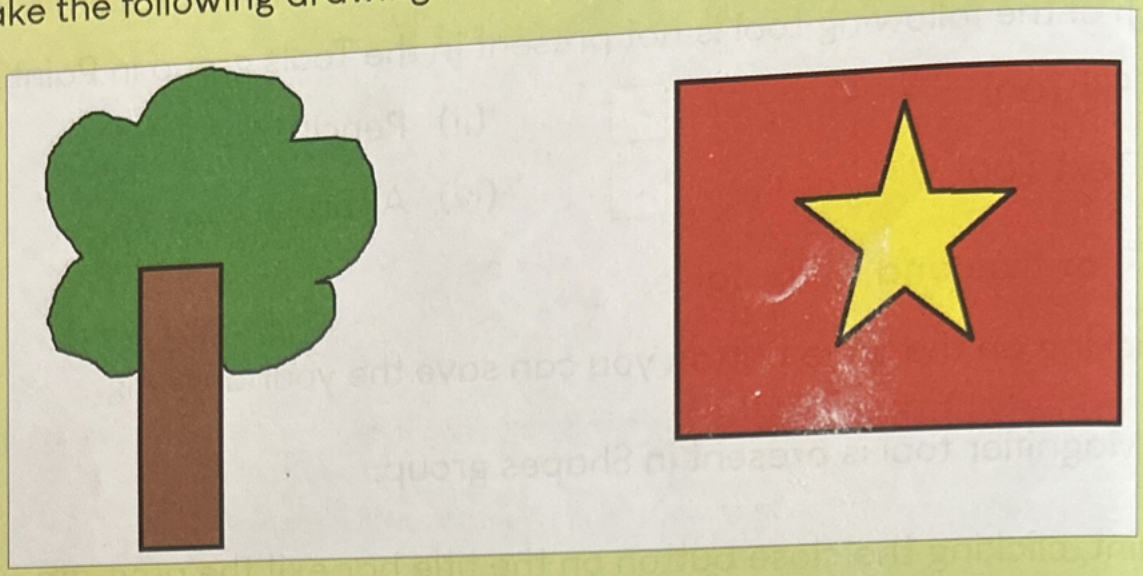

Dirty water and bad toilets make people sick. Let's keep our planet healthy! Design a cool poster using Paint to spread the word about staying clean and safe. Add fun slogans to catch everyone's eye.

6 CLEAN WATER AND SANITATION

LAB ACTIVITY

21st Century Skills #Creativity

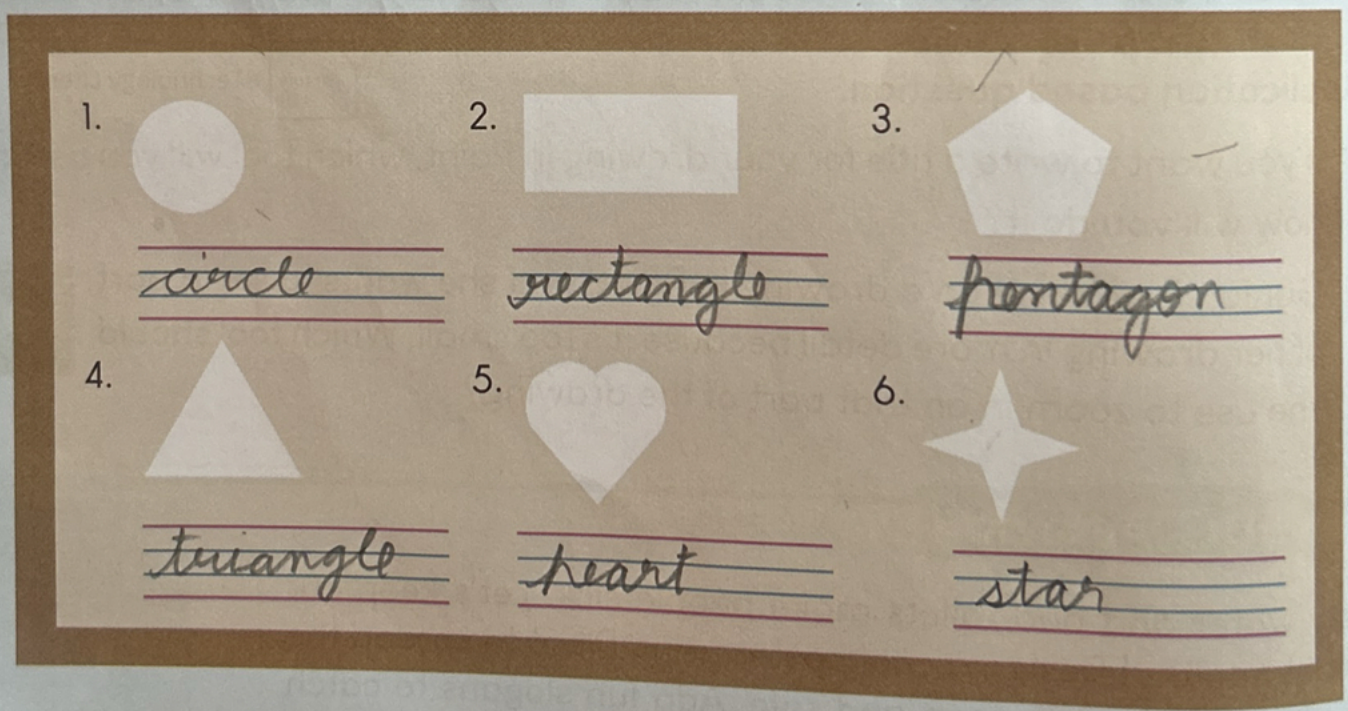

- Make the following drawings using different tools in Paint.

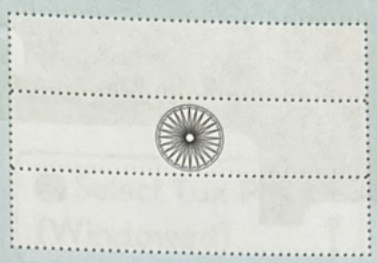

21st Century Skills #Critical Thinking #Creativity

FUN ACTIVITY

1. The following shapes have been created using Paint. Colour all the shapes with red colour and write their names.

2. Trace and colour the Indian Flag. Count the total number of following shapes in given picture.

Rectangle 4

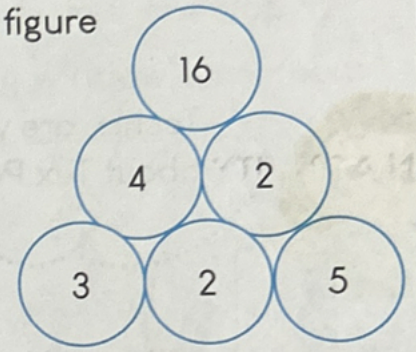

Circle 2

{CODING ZONE}

21st Century Skills #Critical Thinking

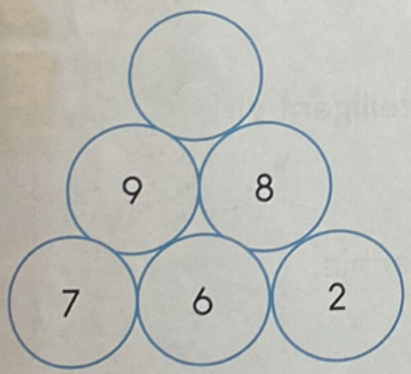

The sum of values of all the lower levels in the given figure is equal to the value of the top most level.

For example: If we add all the numbers in the lower levels, 3+2+5+4+2, we get 16 which is the number present on top.

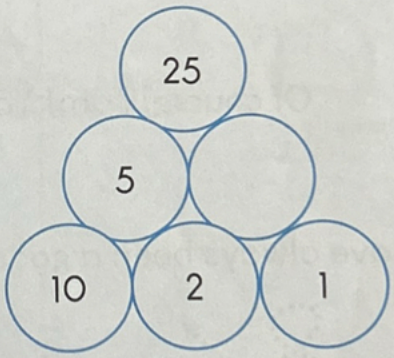

Now fill the missing numbers in the following figures:

a.

b.

FOR THE TEACHER

1. Demonstrate the working of all the tools to the students.
2. Help students to open the Paint 3D program.
3. Encourage them to discuss the difference between Paint and Paint 3D.
