

Animals like vulture, wild dog, hyaena and jackal eat the flesh of dead animals. These animals are called scavengers. This way, they keep the jungle clean.

Do You Know?

Plant-eaters are also called herbivores. Flesh-eaters are also called carnivores. Plants as well as flesh-eating animals are called omnivores.

Crow

Hyaena

Scavengers

Vulture

Remember

- ▶ Dog and cat are pet animals.
- ▶ Domestic animals are kept at home or a farm.
