

Try these

Help Eesha fill in the blanks.

- (a) A week has 7 days.
 (b) Monday comes just before Tuesday.
 (c) Wednesday comes just after Tuesday.
 (d) If it is Tuesday today, it will be Wednesday tomorrow.
 (e) If it will be Saturday tomorrow, it is Friday today.

MONTHS OF A YEAR

There are 12 months in a year. These are:

- | | | |
|-------------|--------------|--------------|
| 1. January | 2. February | 3. March |
| 4. April | 5. May | 6. June |
| 7. July | 8. August | 9. September |
| 10. October | 11. November | 12. December |

Learn this Poem

Thirty days have April, June,
 September and November.

All the rest have thirty-one.

Excepting February alone,

That has but twenty-eight days clear

And twenty-nine in each leap year!

Number of days in a month

The number of days in a month is understood by the figure of your fist.

- 4 months have 30 days.

The cream core is triangle in shape

- ❑ 7 months have 31 days.
- ❑ February is the shortest month with 28 days but 29 days in each leap year.

LEAP YEAR

A **leap year** is a special year with 366 days. In a leap year, the month of February has 29 days. A leap year is divisible by 4. For example, 2012 is divisible by 4. So, it is a leap year.

Century years are leap years only, if they are divisible by 400.

EXAMPLE: (a) 2000 is divisible by 400, so it is a leap year.

(b) 3000 is not divisible by 400, so it is not a leap year.

Exercise 9.1

1. Fill in the blanks.

- (a) Today is Monday, it was Sunday yesterday.
- (b) Friday comes just before Saturday.
- (c) The day which comes before Monday but after Saturday is Sunday.
- (d) November comes just after October.
- (e) March comes just before April.
- (f) The number of months having 30 days is 4.
- (g) The number of months having 31 days is 7.

2. Write 'T' for True or 'F' for False statements.

- (a) January has 30 days.
- (b) February is the longest month.

(c) A leap year is not divisible by 4.

(d) 2012 is a leap year.

F

T

DAY, WEEK, MONTH AND YEAR

- ☐ In 2012, February had 29 days.
- ☐ In 2015, February will have 28 days.
- ☐ In 2016 again, February will have 29 days.
- ☐ After every 4 years, February has 29 days.
- ☐ A year has 365 days but a leap year has 366 days.
- ☐ 7 days make 1 week.
- ☐ 4 weeks make 1 month.
- ☐ 52 weeks make 1 year.
- ☐ 12 months make 1 year.
- ☐ 365 days make 1 year.
- ☐ 10 years make 1 decade.
- ☐ 100 years make 1 century.
