## **B.RTS-**

1. These lines are said by Jack.
2. The speaker, Jack, gets the answer by solving the sum mentally.
3. The teacher tells Jack that his answer is wrong and he should use an abacus to solve the sum.

## **C. Answer these questions briefly-**

1. Jack made only two attempts to solve the sum.
2. Jack had nothing to show to the teacher because he claimed that he had solved the sum mentally.
3. The easy way that Jack found to solve the sum was to get the answer wrong repeatedly till the teacher eventually solved it for him.
